Brisa — Ultrafabrics

- Superior durability – industry-leading 16 weeks hydrolysis results
- Blended backcloth includes recycled polyester and FSC/PEFC certified rayon – each linear yard contains approximately 8 recycled plastic bottles
- 300,000 double rubs (Wyzenbeek), 160,000 rubs (Martindale)
- Breathable technology promotes airflow for ultimate seating comfort
- Bleach cleanable (1:5 bleach/water solution)
- Notable acoustic properties when paired with Novawall acoustical wall systems*
- SCS Indoor Advantage Gold certified and REACH compliant
- Does not contain any Red List chemicals
- Available in 54 colorways

*North America only

The image displays a uniform, dark brown surface with a pronounced, irregular texture. The texture is reminiscent of leather, featuring a dense network of fine, interconnected ridges and valleys that create a complex, organic pattern. The lighting is even, highlighting the tactile quality of the material without casting significant shadows or highlights. There are no discernible features, text, or objects other than the continuous texture.

A close-up photograph of a brown leather surface. The leather has a prominent, irregular cracked texture, with numerous fine, light-colored fissures creating a network across the darker brown material. The surface is slightly curved, and the lighting highlights the depth of the cracks. The background is a plain, light-colored surface.

A close-up photograph of a brown leather surface, showing a detailed, irregular pattern of cracks and creases. The color is a rich, dark brown with some lighter, tan-colored highlights where the leather is more worn or where the cracks are deeper. The texture is highly tactile and organic.

A close-up photograph showing the detailed texture of a brown leather surface. The leather has a pebbled grain with irregular, raised bumps and deep, recessed lines, creating a complex pattern of light and shadow. The color is a warm, medium brown.

535-5773 Stormy

Ellora — Ultrafabrics

- Superior durability – industry-leading 16 weeks hydrolysis results
- Blended backcloth includes recycled polyester and FSC certified rayon – each linear yard contains approximately 8 recycled plastic bottles
